

KEEP YOUR **WHYREBOOT NETWORK** RUNNING AT **PEAK PERFORMANCE**

Your home network was engineered specifically for the speed, security, and seamless performance requirements of today's smart home environment.

But like any high-performance system, **it requires ongoing support and updates, to continue running optimally.**

WITHOUT THIS RENEWAL

Critical issues may take longer to resolve, and hardware failures could lead to unnecessary downtime.

WHY IT MATTERS

Your network is the backbone of your smart home. Whether it's a critical issue or a small tweak, expert help is just a call away—anytime, any day.

WHYREBOOT SUPPORT EXTENSION – 24/7/365 PROTECTION

-  **Round-the-Clock Expert Support** – No matter the time—day or night, weekends, or holidays—your AV integrator has direct access to WhyReboot's expert engineers ensuring quick resolutions for any issues or changes you need.
-  **Next Business Day Hardware Replacement** – If any indoor network component fails, we'll replace it on the next business day with a pre-configured unit, minimizing downtime. ^{1,2}
-  **Optional Outdoor Wi-Fi Hardware Replacement** – If this coverage is selected, and an outdoor access point fails, we'll replace it on the next business day with a pre-configured unit, minimizing downtime. ^{1,3}

WHYREBOOT CUMULUS6 CONTROLLER LICENSING

- ✔ **Security Updates & Fixes** – Keep your Wi-Fi secure and up to date with the latest vulnerability patches.
- ✔ **Full Network Control** – View Wi-Fi performance, diagnose issues, and adjust settings as needed.
- ✔ **AI & Machine Learning Enhancements** – AI optimized Wi-Fi experience through automated analysis of historic Wi-Fi performance data.

WITHOUT THIS RENEWAL

Your Wi-Fi will continue to function, but you'll lose the ability to troubleshoot, make changes, or receive critical updates that keep it optimized and secure.

WHY IT MATTERS

Wi-Fi Technology evolves fast—staying updated means better security, improved performance, and long-term reliability.

FIREWALL SECURITY SERVICES (FORTINET SUBSCRIPTION)

- ✔ Cybersecurity Protection – Shields your home network from hackers, malware, and cyber threats.
- ✔ Web & Video Filtering – Control internet access to protect children and manage content.

WITHOUT THIS RENEWAL

Your home network will no longer actively scan for threats, and you lose the ability to filter online content.

WHY IT MATTERS

Your home's security isn't just physical – **digital security is just as important.** This service acts as a shield against cyber threats, keeping your family and personal data safe.

DON'T LET YOUR NETWORK FALL BEHIND

Your WhyReboot network was purpose-built for reliability, performance, and security. **Renewing your WhyReboot services ensures it continues to perform at the highest level** – providing your family with ongoing protection, unrivaled performance and expert support when you need it.

**ASK YOUR INTEGRATOR
HOW TO RENEW TODAY!**

¹ Provided the hardware is still available through distribution.

² All indoor network hardware includes a limited lifetime manufacturer warranty.

³ All outdoor network hardware includes a 90-day manufacturer warranty
